## Environmental and Development Services

The Department of Environmental and Development Services is responsible for the management, direction, services, and compliance with a variety of environmental programs, regulations, and ordinances. The Department is also responsible for managing the development process in the County as well as providing for all construction inspections. This is accomplished through the following divisions:

- ***Building Regulation*** - ensures that every building in the County is constructed in accordance with the Virginia Uniform Statewide Building Code.
- ***Stormwater Maintenance / Management*** - responsible for implementation and oversight of the “in-house” maintenance program and the recommended capital improvement projects as approved by the Board.
- ***Mosquito Control*** - maintains all secondary drainage systems in the County and provides services to limit the population of mosquitoes.
- ***Development & Compliance*** - responsible for managing the development plan approval process to insure that all developments are designed in accordance with all applicable ordinances and regulations; division also responsible for Code enforcement.
- ***Grants & Boards:***
  - ***Litter Control*** - promote recycling, litter prevention and beautification programs within York County to include schools, communities, and business sectors.
  - ***Board of Zoning/Subdivision Appeals*** - responsible for reviewing and hearing appeals from the decisions of administrative officials of the County concerning the Zoning and Subdivision Ordinances.
  - ***Wetlands Board*** - responsible for reviewing applications for any development within tidal wetlands and for prosecuting any violations to the wetlands ordinance.
- ***Utility Funds:***
  - ***Solid Waste Management*** - provides services for roadside and on-site collection and disposal of household waste and responsible for recycling programs of waste material and yard debris. Manages the operation of the waste transfer station and records waste flow quantities for billing purposes.
  - ***Utilities (Water, Sewer, Stormwater Management, & Water/Sewer Extensions)*** - provides engineering design, management and inspection services for sanitary sewerage, potable water, and stormwater programs. Operates and maintains all County utilities and coordinates all wetland and Chesapeake Bay Act issues.
